Information Guide

Valid from 21-June-2026

**Recipes change every now and again, so
please check the information regularly.**

ADDITIONAL ALLERGEN INFORMATION

We prepare our food in kitchens where allergens are present and shared equipment is used. Although we handle your meal with care, we cannot ensure it is allergen free, even if requested ingredients are removed.

Some of our products contain nuts and peanuts, or are come from supply chains which may prepare items in the same areas containing nuts and peanuts.

Please note:

- Our pizzas are made in an area which contains large amounts of flavour, which contains gluten (wheat and barley). We hand-toss our pizzas and make our own dough in-store, and therefore, flour becomes airborne. **For this reason, we cannot guarantee any product in-store does not contain gluten (wheat and barley).**
- Our pastas contain gluten. We offer a Made-Without-Gluten pasta. However, as our kitchen handles large amounts of gluten, we cannot guarantee the absence of gluten through cross-contact. **Our pastas (including Made-Without Gluten pastas) are NOT suitable for people with coeliac disease.**
- Delivery orders: we cannot guarantee your meal will not come into contact with other allergens during delivery. Couriers may transport other Slice House orders or orders from other businesses at the same time as your Slice House order.
- Please note that our menu descriptions do not include all ingredients or allergens. Even if you have chosen the item previously, please make sure that you check the Allergen Information each time you visit and always inform your server of your allergy, intolerance or dietary requirements when ordering. Our teams cannot recommend or tell you what is suitable for you to eat or drink.

For further information, please speak to the manager or contact our team at hello@slice-house.com
